A. J. Horne, who resides one-and-
one-half miles south of Live Oak, hap-
pened to a very painful accident Tues-
day. While standing on a wagon un-

throwing him to the ground with such
force as to break his collar bone and
otherwise bruising him up. Mr. Horne
is about 70 years of age, hale and
hearty, and his friends hope to see him
out again soon fully recovered.

Maj. Geo. E. Porter returned Tues-
day from New York where he had been
on a business trip. Mr. Porter says
the report that he lost his pocket-book
with about \$200.00 in it while in Char-
leston, S. C., is a mistake. He thought
he had lost it, and told a Charleston
policeman so, but afterwards found
that the pocket-book he lost contained
only about 25 cents and the book con-
taining \$90.00 in bills and a check for
\$100.75 was safe. He carried two
pocket-books, one for small change and
postage stamps, and the other one for
his money. The Major says he is a
little particular about which one of his
pocket-books he loses, not so much on
account of the money as the inconven-
ience it might give him in traveling.

Col. Ira J. Carter returned yesterday

We are proud of our rapidly growing
town and of our people, but let us not
become satisfied. If we do we will lag
behind and Live Oak will lose her place
as the fifth largest city in the state.

Bicycle riders had better not attempt
hereafter to ride their wheel on the
sidewalks in this city. An ordinance
was passed at the meeting of the city
council Monday night making it an of-
fense and fixing punishment for those
convicted.

The voting contest—two high grade
pianos—one for the most popular young
lady in Live Oak, and one for the most
popular young lady in the county who
resides outside the city of Live Oak
will commence next Monday. An ar-
ticle setting forth the plan and where
votes may be had is published else-
where in today's Democrat.

Major General Commanding Robert
J. Magill, of the Florida division, U.
C. V., has named Miss Ada Mae Rob-
ertson, division sponsor, and Miss Vivian
Evans, division maid of honor for the
State reunion to be held here October
20th and 21st. They are two of Live
Oak's most popular young ladies and
are descendants of gallant and true Con-
federate soldiers. It would have been
hard, indeed, to have selected young
ladies more worthy of the honor.

Yesterday afternoon commenced the
new Hebrew year 5670, which will be
welcomed in this, as in other cities,
throughout the world, and will be ob-
served after the usual manner of the
Hebrews. Business houses owned by
members of that faith will close at
sundown today and remain closed un-
til sundown tomorrow. New Year day
will be spent in feasting and merry-
making, and with services in the syna-
gogues. Following the new year will
be a series of penitential days, during
which there will be fasting and prayer.
These will reach a climax in Yom Kip-
pur, ten days later, which is the Day of
Atonement, when forgiveness is asked
of God and man for sins. Rosh Hash-
ona and Yom Kippur are the two most
important holidays of the Jewish calen-

Miss Elizabeth Taylor, of Madison,
is the guest of Miss Mamie Goodbread.

Chief Haney, of the Jacksonville Fire
Department, one of the best known
and most popular fire chiefs in the
South, was a prominent visitor in the
city yesterday. His visit was in re-
sponse to an invitation from the fire
committee of the city council, and was
for the purpose of advising them of the
best and most practicable method of
putting in a fire alarm system, and
the kind. His advice and counsel
was also wanted in matters pertain-
ing to putting on fire wagons, with a
paid fire department. Chief Haney's
visit here was worth considerable to
our city. He is probably one of the
best posted men along this particular
line of any man in the state, and it was
indeed very clever in him to visit our
city and tell our fire committee the
best and most economical methods to
pursue to give us better fire fighting
facilities.

We are prepared to supply the school
children at Cook's.

The Suwannee High School opens
next Monday, and it is hoped every
child of school age will attend every
day of the session, from the first to the
last. Parents should not permit their
children to be absent from school a
day, if it can be avoided. Not so much
because the child might not make a
reasonable success in after life on ac-
count of missing a part of the oppor-
tunity of preparing for it, but because
they will be a failure in proportion to
the success they might have achieved
had they made better preparation.
Parents cannot afford to be the cause
of the failure if it is avoidable. Be on
guard for the future welfare of your
children and take advantage of the
educational facilities offered by the
Suwannee High School. Go with your
children next Monday to the school
building, show them you are interested
in their welfare and encourage them in
every possible way.

The state board of pardons has re-
fused to entertain the application of
the negro Caldwell for a pardon. Cal-
dwell is one of the three infamous mur-
derers who shot down in cold blood
Superintendent of Public Instruction
Epps, in Leon county, two years ago.
Ison, Edwards, who did the shooting,
was hanged; Nelson Larkins died a
short time after being sent up for life
imprisonment, and Caldwell has been
in the convict camp.

Sheriff Langford of Branford county,

John Garland, who was wanted in
